DECISION GIVES TERRIFIC BODY BLOW TO PROSECUTION

SAN FRANCISCO, Jan. 9.—The Court of Appeals has just handed down a decision setting aside the conviction of Eugene E. Schmitz and also invalidating the indictment brought against him. The former mayor is now in the county jail.

Schmitz was found guilty of extorting money from the French restaurant keepers, the specific case being that of Joseph Malfanti, who is alleged to have given Ruef and Schmitz \$1175 under fear of a threat that he would be deprived of his license to sell liquor. The taking of testimony began on June 5 and he was convicted on June 13.

The points of the decision are these:

One--Judge Dunne erred in overruling the demurrer to the indictment because the indictment was bad.

Two--The restaurant keepers were not entitled to a license because they were improperly conducting their business.

Third—Judge Dunne erred in discharging two jurors after they had been sworn and without any proper cause.

Fourth--Judge Dunne erred in appointing the elisor without permitting the defendant (Schmitz) to make any showing in opposition to the appointment and also erred in refusing to permit Schmitz to show that W. J. Biggy, who was appointed by Judge Dunne as the elisor was biased and prejudiced against him, the defendant, Schmitz.

Judge Dunne erred in admitting hearsay testimony.

Judge Dunne erred in improperly eliminating the cross examination of Reuf.

Judge Dunne erred in permitting unlawful and improper cross examination of Schmitz.

The opinion concludes with the reversal of the judgment and the reversal of Judge Dunn's order denying a new trial and instructing Judge Dunne to sustain the demur to the indictment and to discharge Schmitz from custody so far as he is held under this particular indictment.

This disposes of five French restaurant cases and also act to set Reuf free despite his plea of guilty. Judges Cooper, Hall and Kerrigan signed the opinion.

Schmitz and Ruef cannot take advantage of the decision for sixty days. The prosecution has twenty days in which to ask for a re-hearing. Then the appellate court will have ten days to consider the application. When that is done, the prosecution will go through the same procedure in the supreme court, which will take the same length of time. Consequently Schmitz and Ruef will still be kept in the county jail for two months at least.

PRESIDING JUDGE COOPER WRITES LONG DECISION FREEING SCHMITZ AND RUEF

(Special to The Tribune.) SAN FRANCISCO [in 9--] judgment of department six of the Superior Court which found him guilty of the crime of extortion and sentenced him to five years in San Quentin and consists of 32 typewritten pages.

Schmitz provided that he can secure bail on the indictments already found against him will very soon walk forth from the county jail at Indianapolis a free man.

The judgment and order are reversed and the trial court is directed to sustain the demurrer to the indictment and discharge the defendant as to such indictment.

The opinion of the court is thirty-two pages long and throughout rape Judge Dunne and incidentally takes a knock out of the so-called craft prose action.

The principal grounds for the reversal of the decision is the fact that there was nothing to show that any crime had been committed by the defendant, the insufficiency of the evidence for the finding of the indictment the improper cross examination of certain witnesses, the admission of hear-say evidence and

The testimony of a co-conspirator (meaning Ruef) and the appointment of an alderman said to be prejudiced against the defendant to take charge of the jury.

The decision begins by denying the motion of the prosecution to dismiss the appeal and goes on to question the authority of the court in disqualifying the sheriff and the coroner as custodians of the jury. It is shown that the defense

land, was the verdict of the various speakers do not want to have the Sixteenth street car line abandoned and are praying for a proper maintenance of the road.

"The street car line should be where it would benefit the majority of people," said President Sanford. "They are bound by the franchise to maintain the Sixteenth street line I believe."

"Throw a bombshell into the ranks of the city council," said Secretary Cobble-dick. "Let us assert our needs and insist upon their co-operation with the Clinton station section who are to be heavily taxed for the dredging of the large and unsightly marsh. I understand that there is no money in the budget for the filling up of the marsh and the people of this section will have to start things a going pretty soon and we will be forced to pay more than our share for improving the boulevard."

The new manufacturing district south of the Southern Pacific line at Seventh and Ninth avenues will soon be opened.

Clinton Improvement Club met last night in Washington Hall East Twelfth street to discuss the retaining of the Sixteenth street car line and the congested traffic which it was stated caused irregularity and bunching of cars on Fridays. It was decided to send delegates to the city council next Saturday evening to present the question of the present street car system will be brought up.

The Oak and Traction Company has been petitioned by the Clinton Improvement Club to run the Sixteenth street cars more regularly and as a reply to the petition President Sanford received an answer from the corporation to the effect that they intended abandoning the line entirely.

SAN FRANCISCO Jan 9.—Abe Ruef is at last in jail. His prison is no longer the sumptuous house at Pacific Avenue and Fairview Street. He now occupies cell 160 at the County Jail.

As soon as San Francisco's law enforcement officers visited Judge Dunne's residence of W. J. Blaize and turned over the former house to the new sheriff Lawrence J. Dolan, the latter had Ruef taken to jail right away.

Dolan's rule means the end of special treatment and extra privileges at the County Jail. The salaried Texas Glass and other well-to-do prisoners had under O'Neil's regime.

Just as soon as he took charge of the County Jail in October, O'Neil, like Glass and I, both were made to vacate their iron-shod rooms on the second floor and enter the cells assigned to them in the jail.

Ruef, Schmidt, Glass, Tavel, Brown, Barnes and Clegg will be forced to occupy their cells without

any special privilege.

HENRY SAYS HE'LL NOT DROP 'GRAFT' CASES

Resume Trials on His Return From Oregon.

(BY ASSOCIATED PRESS.)

SAN FRANCISCO, Jan. 9.—Francis J. Heney, special assistant to United States Attorney-General Charles J. Bonaparte in the Oregon land frauds trials, and who as assistant district attorney has had charge of the prosecution of San Francisco bribery-graft cases, arrived here this morning from Washington, where he went to confer with President Roosevelt at his former request.

On his way home he stopped several days at Tucson, Arizona, to dispose of a case in the courts there in which he was the attorney. He held a conference with District Attorney William H. Landrum and Special Agent William J. Burns, in which he made arrangements for the continuance of the trial of Patrick Colhoun, president of the United Railroads, on the charge of bribery, until he returns from the North. Heney will leave tonight for Portland to commence the trial of ex-United States District Attorney Hall of that city, who is accused of being involved in the land frauds.

NOT TO DROP CASES.

"I have never dropped the prosecution of a case in my life, as those who are under indictment in the bribery-graft cases will be when I return," said Heney, when told of the reports that Thayer L. Ford, general counsel for the United Railroads, would not be brought to trial on the other indictments against him and that the prosecution of Patrick Colhoun would be dropped.

"Such rumors are always circulated when there are long intervals between trials, but are without the slightest foundation in the San Francisco bribery-graft cases, as well as in similar cases sent out from Portland in regard to the land fraud cases there."

Asked what the plans of the prosecution are in the cases against Colhoun, Ford and others under indictment of bribery and corruption, Heney said:

TO CONTINUE CASE.

When, at the request of the prosecution, Colhoun's trial was continued until January because of the absence of Supervisor James L. Gallagher, an important witness, Colhoun asked for permission to go to New York. This was granted, and it was stipulated that he was not back on the day set for the trial

QUOTES ROOSEVELT AS SAYING: NO FEAR OF CONFLICT WITH JAPAN

PARIS, Jan. 9.—The Matin American-Japanese situation, declared that President Roosevelt spoke to a diplomat in Washington a few days ago in the following words:

"All will be arranged in the most satisfactory manner. The last memorandum received from Japan was expressed in the most conciliatory terms and there is not the slightest apprehension of a conflict."

This case would not be taken up until February 1. When it comes up before Judge Lawlor tomorrow morning it will be continued until that date or perhaps February 5.

"I am not prepared yet to say whether I shall begin the trial of Colhoun than or not put Ford on trial again, but I will say most emphatically that those who may think these cases will be dropped will be much disappointed. The prosecution of them and the others indicted will be resumed with renewed vigor upon my return from Portland.

MUST CONTINUE TRIALS.

"In the meantime I will dispose of one of the cases in Portland, growing out of the Oregon land frauds and place ex-United States District Attorney Hall on trial there. In order to get back to San Francisco by February 1, or 5, I can prosecute this time but one of the several land fraud cases pending in Portland."

Speaking of the open letter of Senator Fulton of Oregon calling upon Heney to renew the charges made against him, Heney said:

"Many of the facts against Fulton will come out in the trial of Hall and the senator will learn more than he may wish."

Regarding the arrest of S. A. D. Pater after he had been pardoned by President Roosevelt, Heney said the arrest was made through a misunderstanding of some of the local officials in Portland and he did not think the charge of perjury would be pressed against Pater.

Heney denied the report that he had been severely criticized by President Roosevelt. On the contrary, he said, the President had received him warmly and twice invited him to luncheon.

FIGHT CLAIMS TO HOUSE WITH GUNS

Old Time Pals in Alaska Fall Out and Neighbors Hold Breath.

BERKELEY, Jan. 9.—Dissatisfied with the slow process of the law, Andrew Hunker, 42, a retired pensioner of Alameda, and his wife have resorted to six pistols to vindicate their claims to an adjacent home, 228 Banfford way. The two belligerents each claim the house as their own and each has shot the other upon repeated provocation. Last night Hunker applied to the Berkeley police yesterday to carry a weapon, saying that he found Hunker was carrying a heavy load's revolver and for his own protection he had disposed of his pistol.

Hunker had built the house several years ago, however, after its completion, Lenard says that Hunker told him to move away and occupy it, rent free, with the wife and his wife have made their home there.

Recently Hunker secured a writ of replevin to put Lenard out, however, repelled by this suit for possession of the house, Hunker, 42, and his wife have again resorted to the ground fight, this time to a finish.

Both are well-known as residents and less men of a nervous temperament in vicinity are holding their breath in fear of an outbreak of hostility at any moment.

BERKELEY, Jan. 9.—Mrs. H. M. Miner, who is being sued for divorce by her husband, Dr. Herbert M. Miner, has been dangerously ill for the past week at her home, 2227 Dwight Way. Completely overcome by the worry and care attending the loss of her children, and the filing of her cross-divorce complaint Mrs. Miner, although a woman of unusually strong constitution, has suffered a nervous breakdown. For several days her life was despaired of.

For over a week her mother Mrs. J. L. Howell, has been at her bedside. Upon the word "Divorce" Mrs. Miner's illness was aggravated, and when they assaulted Jeremiah Crowley and William Love as they were entering the house of the former at 1363 Valencia street.

The two men had been out spending the evening and at 4 o'clock this morning were returning home. Just as they were about to enter the doorway two men sprang upon them from the interior and proceeded to beat them with pieces of gas pipe. They fought off their assailants and yelled for help and the men fled east on Valencia street.

Crowley and Love were removed to the central emergency hospital in an ambulance by a policeman who happened to be passing.

SUMMER RESORT IS DESTROYED BY FIRE

EMIGRANT GAP, Cal., Jan. 9.—The Cisco hotel, outbuildings and summer cottages were destroyed by fire Monday.

The hotel, a frame structure, contained about sixty rooms, including the post-office and a general merchandise store.

The hotel was 200 yards from the snow sheds and railroad property was in great danger.

Through the heroic conduct of the Summit fire train crew, consisting of Engineer McDonald, Conductor Leah and Fireman Carey, thousands of dollars worth of railroad property was saved.

Cisco was noted as a summer resort.

TRIBUNE EDITOR GIVES REASONS FOR CHANGED FEELINGS AGAINST RUDOLPH SPRECKELS

Never Had Any Malice but W. E. Dargie Believes Spreckles Inspired Malicious Newspaper Attacks Upon Him.

The further hearing of W. E. Dargie's deposition in the libel suit brought by the First National Bank of San Francisco against THE TRIBUNE PUBLISHING COMPANY, was held before Court Commissioner Clarence Crowell, in the latter's office this morning. The plaintiffs were represented by Charles Wheeler and M. C. Chapman and George W. Reed represented THE TRIBUNE PUBLISHING COMPANY.

Mr. Chapman at the opening of the cross examination began directly on his cross examination of Mr. Dargie to show that the latter had never held any malice or been actuated to any hostility toward any of the plaintiffs.

Rudolph Spreckels prior to the alleged libel.

The feeling that the witness had toward Rudolph Spreckels it developed on the examination had changed since September 11, 1907.

Mr. Dargie testified that because of the fact that Rudolph Spreckels had tried to have him punished for contempt of court when he had an important business engagement in

York, meaning possibly in the event of his going the loss of many thousands of dollars.

It was further explained by Mr. Dargie that he felt that he had been attacked maliciously through the columns of the Call and from the best information and belief he had believed it was upon the inspiration of Rudolph Spreckels.

If he testified: "I had been treated fairly, without malice being shown on the other side, I certainly would have had a different feeling than I have today toward Rudolph Spreckels."

The cross examination by Mr. Chapman follows:

NEVER HAD ANY MALICE.

Mr. Chapman—Mr. Dargie, I understand that your position in this case is this: That with reference to the plaintiff, the First National Bank, its officers and directors, including Mr. Rudolph Spreckels, you had no antipathy or hostility or malice toward any of them at the date of the publication complained of or at any time before that date?

A. That is true. I had no reason to have any, and had none.

Q. Your feeling toward Rudolph Spreckels has changed, has it not, since the 11th day of September, 1907?

A. It has changed since the commencement of this suit, and it changed for the reason that almost immediately after the filing of this suit I was called east on very important business, which I could not postpone. I made efforts through my counsel to have my examination continued, but without success, and it was necessary for me to go on and attend to the business, which would have suffered if I had not done so. In one week.

O. It is a fact, is it not, that you had already appeared in response to a subpoena, and had given testimony before the contempt proceedings were actually brought up, heard and determined in court.

A. It is a fact that I had appeared before the Commissioner and partially testified prior to the hearing in the contempt proceedings before Judge Ogden.

The completion of the direct examination of Mr. Dargie was continued for one week.

not for the court to set up its judgment against the statute as to be its qualifications as a juror.

REBUKES DUNNE.

Several of the rulings of Judge Dunn are also characterized as "erroneous and highly prejudicial to the defendant."

Speaking of the testimony of Ruef, the decision remarks that he was jointly charged with the same crime as the defendant and pleaded guilty to it.

"Ruef had branded himself as a felon and testified against his own friend, Schmitz should not have been convicted by his testimony."

The court erred, according to the decision, in admitting the hearsay evidence of Louie Blenco, Michael Schreiber, Rosenthal, who, as the French restaurant proprietor, who testified to the amount of money and the alleged bargain made between Ruef, Schmitz and themselves. The decision also attacks their cross-examination by the defense. Judge Dunne came in at a judicial call to account in connection with the turning down of the defense.

"Our opinion the cross examination was entirely improper and not confined to the matters in hand."

Judge Dunne also censured again in connection with the cross examination of other witnesses, the decision in this connection reads:

"The court allowed broad range in the cross examination of defendant, who is protected by the statute, but narrowed and confined the cross examination of the defense."

MORE INDICTMENTS. SAYS DIST. ATTORNEY LANGDON

(By Associated Press.) SAN FRANCISCO, Jan. 8.—District Attorney Langdon did not seem cast down by the news of the decision. He said

HAD AMBITION TO BECOME BANDIT

Youth, However, Lands in Jail Before Going Very Far on Journey.

Though only twelve years old, Leland Goldman of Berkeley is eager to be a "bandit," and several days ago he stole away from his home with a pistol ready for adventure. How many persons he would have massacred it is impossible to conjecture for he was arrested by the Berkeley police and brought to the juvenile ward of the Recyclying Hospital before he had a chance to hold any up.

Too much reading of dime novels and nickel shockers made young Goldman fancy a life of crime. "I like to read them," he said.

He was taken to the Boys' and Girls' Aid Society, where he has already spent several months. His father, who is a wholesale liquor merchant in San Francisco, sent him there as an incorrigible, but took him out last October.

He said today that he started from Berkeley so far as he could. He wanted especially to go to New York. When asked how he intended to make his living on the way he said that was easy.

HENRY CONSULTS LANGDON

SAN FRANCISCO, Jan. 9.—Assistant District Attorney Henry is in consultation this afternoon with District Attorney Langdon. He has not yet received a copy of the lengthy decision of the Appellate Court in the Schmitz case, and until he has read it and considered it carefully, he declines to comment on the judgment rendered.

APPOINTMENT OF REV. FATHER HANNA CONFIRMED

ROCHESTER, N. Y., Jan. 9.—Positive information has been received here from Rome confirming the recent announcement that the Rev. Dr. Edward J. Hanna of this city had been chosen coadjutor archbishop of San Francisco to succeed the late Msgr. George Montgomery, and to be the assistant of Archbishop Riordan. Since the announcement of the appointment several weeks ago, a great amount of opposition has been made to Dr. Hanna's selection.

ON WAY TO PRISON YOUTH ESCAPES

While en route from San Bernardino county to San Quentin in custody of a deputy sheriff, Edgar Johnson, 20 years of age, sentenced on a felony charge, made his escape from the train at Pinole at 2 o'clock this morning. The Oakland police are in search of him today.

The train on which Johnson and his custodian were en route was held near Pinole by a cave-in or tunnel there. Johnson took advantage of temporary carelessness on the part of his guard and made his escape. He had on leg irons at the time, but it is presumed he has freed himself from these shackles before this.

He is described as being 5 feet 9½ inches tall, weighs 130 pounds, has unusually thick and prominent lips and was dressed in overalls, light-weight coat and vest, light colored soft shirt and worn a cowboy hat.

FRUITVALE LODGES WILL JOIN IN INSTALLATION

MISS MABEL PRAHL, CAPTAIN OF THE GUARDS,
WOMEN OF WOODCRAFT.

WOODMEN TO ACT AS HOSTS

Women of Woodcraft Will be Guests—Other Fraternal News.

Fruitvale Circle, Women of Woodcraft, will be entertained on the evening of January 9 by the Woodmen of the World in Masonic Hall on East Fourteenth street.

A joint installation of officers will be held. The newly elected officers of the Women of Woodcraft are as follows:

Mrs. Carrie Wenzell, guardian neighbor; Mrs. Edith Bridge, advisor; Mrs. Ward, matron; Mrs. Ethel Smith Clark; Mrs. Iris Carson, banker; Mrs. Eppley, inside sentinel; Mrs. Marie Schmidt, outer sentinel; Mrs. J. C. Callen, guardian neighbor; Mrs. Shaw, manager; Miss Mabel Prahl, captain of the guards; Mrs. Max Fenell attendant.

SECURITY COUNCIL.
Oakland Council No. 734, Knights and Ladies of Security, meets in Loring Hall, Eleventh and Clay streets, every second and fourth Tuesday, at 8 o'clock. Next Tuesday, January 14, it will hold its regular meeting, and several are to be initiated into the mysteries of the order. A full attendance at this time is desired, as very important business will come before the council.

The membership has crossed the 100 mark and the council name and number has been placed on the honor roll of the order, and now preparations are being made for a grand celebration in honor of having reached the hundred mark. All the members are asked to be present at the meeting to assist in the work.

OAKLAND WOODMEN.
At the last meeting of Oakland Camp, No. 94, I. O. O. F., the members were treated to a very agreeable surprise in the shape of a friendly visit from Head Organizer Peter F. Gilroy. This was his first visit to Oakland Camp since he moved to Pythian Castle, and to say he was royal y welcomed would be putting it very mildly. To celebrate his arrival, it seems a lodge received a communication from No. 99, at Spokane, Wash., challenging it to a contest for membership.

NATIONAL UNION.
The Berkeley Council No. 805, National Union, certainly sprang a surprise on A. C. Hillman and A. A. Chamberlain of the Oakland council No. 973, N. U., last Saturday evening. Messrs. Chamberlain and Hillman were appointed a committee to see Berkeley friends in regard to the joint installation to be held. On arriving at Native Son's Hall, which by the way is prettiest and most home like the writer has been in since leaving the East, they found a large crowd of friends. By some misunderstanding Berkeley had gone ahead and were holding their installation alone. Senator Dept. — Barnett did the installing in a masterful way. Friend Coleman of B. C., who was marshal for the evening, kept the crowd in an uproar.

The following officers were installed: President, A. P. Davies; vice-president, G. H. Blair; second vice-president, C. Morton; speaker, W. K. Weir; financial secretary, E. V. Grove; recording secretary, M. J. Tolbin; treasurer, J. T. Hills; chaplain, R. Edgar; usher, E. Heckst; sergeant, J. C. Donnhue, doorkeeper, A. W. Sumter; trustees, H. P. Landen, G. Leonard, W. Barnett. A fine spread was served to all. Oakland and Alameda councils will install Friday evening, January 10, at 8 p.m., at Woodman Hall. All visiting friends invited to attend.

ROYAL COURT.
Oakland Assembly No. 25 met last Thursday evening at their home in the Woodmen building. A business session was held at which it was decided to hold a private installation of officers on January 16, and after which a light supper will be served for the members.

Tonight will be held a leap year party and as all our friends know there will be plenty of fun for all, so we especially invite all our young gentlemen friends that we may show them how well our court ladies may entertain.

OAKLAND HIVE.
Remember the grand whist party to be given by Oakland Hive No. 14, on Monday evening, January 20, in Loring Hall, Eleventh, near Clay streets. Beautiful prizes have been secured. Game begins at 8:30 o'clock sharp.

The review was well attended on Monday and was favored by a visit of their State commander, Mrs. Minnie Aydelotte, who introduced the new district depu-

Mrs. Kimball, of San Francisco. Greetings were extended Mrs. Kimball, who responded splendidly, expressing her pleasure at being among us in Hive No. 14, the same being the hive to which she belonged upon first entering the order. Mrs. Kimball congratulated the officers upon the splendid manner in which they carried on the work, and expressed her belief and hope that we would soon rank the highest hive in the State. Captain of the Guards, Miss Swift, requested the guards to be present Monday next at 8 o'clock to drill.

RELIEF CORPS.

Appomattox Relief Corps No. 5 will install its officers on Saturday evening, January 11, at I. O. O. F. Hall, corner Eleventh and Franklin streets. Also Appomattox Post No. 50 and Colonel E. D. Baker Camp, Sons of Veterans. All friends invited to attend.

ENTERPRISE LODGE.

Hall of Enterprise Lodge No. 258, I. O. O. F., presented a gala appearance Thursday evening, January 2, at the hall being crowded with members and friends who came to enjoy an evening and witness the joint installation of Abst Invidia Rebekah Lodge No. 11, I. O. O. F., and Enterprise Lodge No. 258, I. O. O. F. Promptly at 8 p.m. our D. D. P. Sister Dora Datzel, assisted by her grand officers, proceeded to install the officers in due form. Then N. G. Sister A. Hirsch, in a few well-chosen remarks, presented in behalf of the members of Abst Invidia our D. D. P. Sister D. Datzel, a beautiful basket of flowers as a token of our good will and respect. Sister Datzel responded in an appropriate manner.

District Deputy A. A. Reiser, with his assistants, then installed the officers of Enterprise Lodge No. 258, I. O. O. F., in a very efficient and capable manner. Our noble grand, Sister A. Hirsch, presented D. D. A. A. Reiser with a beautiful potted fern, to which the brother responded.

The hall was beautifully decorated and the evening was pleasantly spent. After installation, dancing was indulged in until a late hour.

On Tuesday evening, January 14, the attraction committee, of which Sister Fonda is chairman, will present some new features. Officers are requested to be present in order to drill and prepare for installation on the night of January 15.

Abst Invidia meets every Tuesday evening at Macabees Temple. All members are cordially invited to visit at all times.

HARBOR LODGE.

Harbor Lodge No. 258, I. O. O. F., held its regular meeting January 8, on which occasion the second degree of Odd Fellowship was conferred on two candidates in an able manner by the crack team of Harbor, under the direction of P. G. James Rye, the general drill master, on three candidates on center of the lodge. The third degree was conferred on three candidates on Wednesday evening, January 8. A box of orings, which were sent from the Odd Fellows' home in Thermoito to Brother John Foster, of this lodge, were opened and enjoyed by all members present.

FOUNTAIN LODGE.

The officers-elect of Fountain Lodge No. 198, I. O. O. F., will be installed by D. D. G. M. A. Reiser on Monday, January 13, Canton No. 7 and No. 11. Patriarchs Militant and a number of prominent Odd Fellows will attend. Refreshments and a general good time is assured. Go up and see the trophy.

On Saturday, January 11, in response to an invitation, the initiatory team will confer that degree at the institution of the new Odd Fellows' lodge at Thirty-sixth and San Pablo avenue.

Members are requested to report there at 7 p.m. sharp for work, as the balance of the degree will be put on during the evening by other lodges.

The committee is making preparations for a grand banquet and promise all who attend an enjoyable evening.

COMMONERS.

The entertainment committee of the Commoners of America met with the chairman, Herman P. Stephenson, at the office of the lodge financial secretary Saturday evening, January 4, and discussed plans for a musical program for Saturday evening, January 18, in Odd Fellows' Hall, Eleventh and Franklin streets. The committee on entertainment was enlarged at the last meeting of the lodge to include Mrs. Kennedy, Mrs. Palmer and Hugh Bankhead. Twelve numbers will be offered as a social treat. After the regular lodge meeting an interesting time

is to be had by all.

OAKLAND, NO. 16, I. O. O. F.

On Saturday evening Oakland Rebekah Lodge, No. 16, held a very short session so that the joint entertainment with Pentecostal Lodge, No. 272, could take place. Impersonator Newton Beers was the entertainer. On Thursday evening, January 9, Oakland, No. 16, and Porter, No. 272, will hold a joint installation of officers. This has been the banner team in the history of No. 16, having installed forty-five candidates and there are still twelve awaiting to be installed.

On Saturday evening the officers and members of No. 16 have been invited to attend a reception to be given to the new subordinate lodge that will be instituted at Thirty-sixth and San Pablo, North Oakland. The new lodge is to be known as North Oakland, No. 401. The noble grand has appointed sixteen of the witty young sisters to help receive. All members of Oakland Rebekah, No. 16, are cordially invited.

I. O. O. M. U.

At the last regular meeting of Lodge No. 805, I. O. O. M. U., which is held on Monday nights at Kilkenny Hall, it was arranged that the Lincoln garter team, San Francisco, be the crack team of the order on the coast, will compete for the first two degrees on about thirty members of the order at Kilkenny Hall, Golden Gate station, on Friday night, January 10.

This is the youngest lodge in the State, and is making rapid progress. Several hundred members are expected to witness the conferring of the degrees next Friday night.

It is not generally understood that there are two orders of Odd Fellows, viz., the American order and M. V. or Manchester Unity of England, which is the parent or original order.

FRATERNAL BROTHERHOOD.

Oakland Lodge, 123, Fraternal Brotherhood, held its regular closed meeting on last Friday evening at Python Castle, Twelfth and Alice streets.

The president of the Berkely lodge extended an invitation to the drill team to install the officers of the lodge at a public installation, which was accepted and carried out on last Tuesday evening.

The drill team is anxious to get new uniforms and it has been suggested to give an entertainment toward this end.

Next Friday evening there will be public installation, which will be held at Python Castle, Twelfth and Alice streets.

All members are expected to be present. Bring all your friends. Visiting members are always welcome.

KNIGHTS OF PYTHIAS.

The conferring of the rank of page on last Thursday evening, January 2, at the initiative assembly for the year 1908 is regarded by the members of Oakland Lodge as a good omen. Following the

Dennison; outer guard, Tip O'Neill. This evening, January 9, will be a ladies' night, an evening of entertainment. An excellent program has been arranged. Foremost among the entertainers will be Brother Bears, who bears a national reputation as an impersonator and monologist, representing the various characters in the "Drama of Damon" and "Pythias." The committee is uniting in its efforts to make the affair a social success.

N. D. G. W.

On next Wednesday evening, January 15, Piedmont Parlor No. 87, N. D. G. W., will hold a joint installation with Piedmont Parlor No. 126, N. D. G. W., at Enterprise Hall. Sister Berwick, of Bear Flag Parlor, will be the installing officer. The following officers will be installed:

Laura Kelly, post president; Edna Sullivan, president; Winnie Buckingham, first vice-president; Hattie Britton, second vice-president; Susie Martin, third vice-president; Annie Phillips, recording secretary; Lena Kriegel, financial secretary; Annie Knable, trustee; Annie Griffin, marshal; Addie Mosier, Lilian Murden, Dora Hendrickson, trustees; Margaret Griffin, Mary Fern, sentinel; Jennie Brown, organist.

Dancing will be in order after the ceremonies.

Extensive arrangements are being made for the annual ball of Piedmont Parlor. This affair will take place during the month of February, and promises to be one of the most successful events of the season. Sister Edna Sullivan is chairman, and will be assisted by Jessie Jordan, Hattie Britton, Winnie Buckingham and Winnie Nedderman.

Dancing will be in order after the open meetings.

Muckraking as a Predatory Pursuit

Behind the Call's persistent vilification of the local government on this side of the bay is a desire to Spreckelsize the politics of Alameda county. To this end Oakland and the county government are daily pictured as seething with corruption. There are personal ambitions to serve behind all, to be sure, but in the proposal to annex the cities of the eastern shore to San Francisco lurks a far deeper and more dangerous scheme. The trick of the Independent Lighting Company, by which San Francisco was bilked and the old gas company milked nearly to death would probably be repeated here. The attempt of Rudolph Spreckels to secure the assistance of Ruef and Schmitz to the Spreckels-Phelan scheme of getting a blanket franchise superimposed on the lines of the United Railroads would probably be renewed on this side of the bay. Water company wrecking for predatory purposes would also be a probable result of a muck-raking consolidation scheme. However, the universal venality and corruption that prevailed in the government of Hawaii in the days when King Kalakaua and his opera bouffe court were under the Spreckels control should be an object lesson worthy of study. The Oceanic swindle and the Valley Railroad steal, together with the more recent treaties and deals with thieves and public plunderers, coupled with attempts to run the courts of justice to serve personal and predatory ends, convey their own warning. We have seen a popular crusade to punish official hoodlums turned into a plan for giving them complete immunity on condition that they become mercenaries in a predacious and revengeful campaign directed against a few capitalists who have offended Spreckels or stand in the way of plans to seize all the corporate activities of the city. This alone should prompt every decent citizen to resist the attempt to smear this whole community with tith as a preliminary and pretext to regenerating it on the Spreckels plan and to serve the Spreckels interest.

San Francisco License Collections.

The San Francisco Tax Collector's report of the business of his office for the last year shows a gain of \$884,099.75 in the collections over those of 1905. But an examination of the segregated business license issued during the two years thus compared shows the great gain in collections has been made in liquor licenses. In 1905, the total revenues derived by the tax collector from liquor license collections was \$280,000. Last year the revenues derived from this source amounted to \$1,135,000, an increase of \$855,000 over the liquor license collections of 1905. In the latter year, the total license tax collections from other sources than the sale of liquor was only \$246,368 and in 1907 \$276,038, or an increase of \$29,100. There was an increase of \$10,960 in the income collected from vehicles; a loss of \$1712 on dog licenses and an increase of only \$10,852 on licensed businesses other than liquor dealing classed as "miscellaneous." The license collections from liquor license dealers last year were in fact considerably more than double the license tax derived from all sources during the year 1905. Evidently San Francisco is acquiring an aggravated form of the drink habit.

Walter J. Barnett used to deliver eloquent lectures on the need of honest government in San Francisco. The necessity for honest bank government does not appear to have appealed to him, however. His associate, J. Dalzell Brown, was a vociferous opponent of graft in official life, but he was not so squeamish when it came to graft in banking. But they were friends of Rudolph Spreckels and coadjutors in municipal reform, hence much should be forgiven them.

Another famine is said to be imminent in Bengal and adjacent provinces owing to a light rainfall and failure of crops. The distressing situation will furnish captious critics with another opportunity to accuse the Indian government of brutally neglecting the natives, notwithstanding its great efforts to make the arid and semi-arid sections of the country independent of the rainfall by the construction of irrigation works.

With their currency bills Senator Aldrich and Congressman Fowler appear to be covering by different directions some of the financial experiments denounced as the madness of visionaries thirty years ago. But the world moves and the heresies of one generation often become orthodox doctrine for its successors.

Speaking of total wrecks, the failure of the California Safe Deposit and Trust Company is proof that San Francisco still holds the medal for having the "d-dest finest ruins" in America.

If the officials of Alameda cannot agree in regard to the purchase of the proposed children's playground they might get together on a proposition to establish a fighting ring.

Putting the prohibition law into effect in Georgia resulted in the shipment promptly of one hundred carloads of saloon fixtures to Chattanooga Tenn., which is not a prohibition town.

CHIPS FROM OTHER BLOCKS.

Five years ago California had only one cement plant with a capacity not much above 500 barrels a day. Two years ago it had three plants with perhaps 3000 barrels capacity. Now it has four plants with perhaps 6000 barrels capacity a day. The four plants under construction will shortly double this capacity and still there is room if construction work continues at the rate it has had in the past.—Municipal Engineering.

Knoxville has no saloons. Chattanooga has. Chattanooga is crowding over Knoxville because there were twenty-eight arrests for Christmas drunkenness in Knoxville and only seven in Chattanooga. If these are the correct figures the joke is on Knoxville. Chattanooga's saloons closed on Christmas day, as did the leading saloons in Nashville.—Nashville American.

Now that Colonel Henry Warterson and Colonel Joseph Pulitzer have agreed to nominate Governor Johnson as the Democratic candidate for President, it would look dangerous for Colonel Bryan were it not for the fact that the Kentucky colonel and the New York colonel are both outside the breastworks.—Los Angeles Express.

BILL WILL CHANGE PERSONNEL OF NAVY

Measure Provides for Increasing Efficiency and Gives Rank to Staff Corps.

WASHINGTON, Jan. 9.—A bill, the passing of which is expected will work many important changes in the personnel of the navy and greatly increase its efficiency, was introduced by Senator Hale, chairman of the Senate committee on naval affairs. It proposes a settlement of the vexatious question as to whether the members of the staff corps shall have rank with the line officers, puts an end to the creation of bureaus by the Secretary of the Navy and gives a substantial raise in pay to every commissioned officer and enlisted man of the navy and the marine corps.

There is an important section relating to the appointment of midshipmen to the line and staff corps and also a provision calling for the retirement of officers of certain ages.

The first section of the bill deals with the bureau question by granting authority to bureaus not existing to continue to transact the business assigned them and requiring that all reports and recommendations shall be made directly to the Secretary of the Navy. There is then added the provision that "No permanent board of any kind shall be hereafter appointed by the Navy department or continued in operation unless expressly provided for by law, but, from time to time, the Secretary of the Navy may convene boards for temporary service connected with the pending business of the department."

SHALL NOT COMMAND.

That part of the bill which relates to the assignment of line rank to officers of the various divisions of the staff corps contends that they shall in no instance assume command of any vessel.

A large section of the bill deals with the appointment of midshipmen to positions in the line and staff.

MAN WITH BRASS KNUCKELS JAILED

Is Also Accused of Insulting Young Girls at Seventh Street Depot.

Joseph Cardosa, a labourer, was arrested last night at the Seventh-street depot on a charge of carrying concealed weapons, a pair of brass knuckles having been found in his hip pocket. Cardosa is also accused of having insulted young girls, whom he stopped on the streets or followed on their way home.

When his case was called this morning before Judge Smith a continuance until tomorrow morning was granted to give the police an opportunity to investigate his record. Cardosa says he was not arrested but it was against him to have brass knuckles in his possession, he having carried them for self-protection.

MANY BOATS LOST IN STORM OFF EUROPE

PARIS, Jan. 9.—The storm in the English channel along the west coast of Europe and north African coast is slowly raising and many fishing boats already have been lost. A dispatch received here from Tongles says that two native passenger boats founded off Al-Arabi, Morocco. Forty persons were drowned, including some Europeans.

THIEVES STEAL MONEY, WATCH AND CLOTHES

G. Cardona of 115 Myrtle street this morning reported to the police the theft of a gold watch, a revolver and a quantity of clothing.

In the evening of 115 Eleventh street reported the theft of an overcoat valued at \$10.

WOMAN ROBS MAN FROM THE MINES

William Kahler, a recent arrival from Goldfield, was taken star-gazing last night by a young woman named Mary McLean. Owing to the fog and the fact that he is near-sighted, Kahler was unable to see the stars and instead kept his eyes closely on his companion, with the result that he caught her in the act of taking a well-filled purse from his pockets.

ACCUSED OF THEFT BUT ESCAPES TRIAL

Henry Burgesse, who was arrested for taking a purse from Frank Howard's cigar store, will not be obliged to stand trial, the case against him having been dropped this morning at the request of the complainant. After his arrest Burgesse was released on probation and is now in Honolulu.

ALLEGED BURGLAR TO ANSWER FOR CRIME

James E. O'Connell, who was caught in the act of breaking into a jewelry and diamond store on the night of December 21, this morning held trial at the Superior Court, when arrested first said that he had attempted to commit suicide after a quarrel with his wife, had gone into the basement of the store to sleep, and finally admitted that he had turned burglar to steal food for his wife and children.

CURES A COUGH OR COLD.

The following formula is a never failing remedy for coughs or colds:

Two ounces of glycerine, one-half ounce of concentrated oil of pine, one-half pint good whisky, mix and thoroughly eat this and use in doses of a teaspoonful to a tablespoonful every four hours.

This, if followed up, will cure any cough that is curable or break up an acute cold in twenty-four hours. The ingredients all can be gotten at any drug store.

Concentrated oil of pine comes put up for medicinal uses only in half ounce vials sealed in tin screw top cases, designed to protect it from heat and light. Other oils of pine are insoluble and are likely to produce nausea and cannot give the desired results.

PREVENTS CHILD'S DEATH AND IS SERIOUSLY HURT PINNED BENEATH HIS FIRE WAGON

Berkeley Firemen Suddenly Swerves Horses to Save Boy —Engine Overturned.

BERKELEY, Jan. 9.—Rather than take chances of grounding the life out of a little child beneath the wheels of a chemical engine, Joseph J. Begley, a driver for Fire House No. 5 on Regent street, checked his team in the middle of a practice run this morning, received serious injuries. The accident happened about 9:30 o'clock at the corner of Regent and Parker streets.

Thick fog hung over the town all morning, obscuring objects within a short distance. Begley was ringing his bell as he went galloping down the avenue, nevertheless, when he was almost on the corner of Parker and Regent streets, a little child ran into the street directly in front of the galloping horses. Without a moment's hesitation Begley reined his team sharply to the right, in order to miss the baby. In doing so the wheel of the heavy wagon struck the manhole of the sewer in the middle of the street raised slightly above the surface of the pavement. The sudden shock and the sharp turn of the vehicle, overturned the wagon to kindness, pinning the driver underneath. Being strapped to his seat, he was powerless, and was dragged in this manner for nearly a hundred feet. The horses dashed wildly into a telegraph pole on the street corner, wounding one of the horses and reducing the wagon to kindling.

Begley was picked up unconscious and taken to the Roosevelt Hospital. His injuries were attended by Dr. Herbert N. Powell who, upon examination, found a broken thigh and an elbow, and several cuts about the face and hand.

Begley is 24 years old and son of Mrs. J. R. Begley of 1800 Rose street.

GOOD GOVERNMENT OFFICIALS GO INTO OFFICE

Mayor Taylor Outlines Policy and Addresses New Board of Supervisors.

SAN FRANCISCO, Jan. 9.—This city yesterday turned a new leaf officially through the passing of the old and the induction of the new administration, the reorganization of the commissions and the installation in many cases of new heads of departments and sweeping changes in the personal of the subordinates. In the transition almost every vestige of the union-labor regime was removed.

The chief interest centered, of course, in the induction of the new Board of Supervisors, and the reading of Mayor Taylor of his inaugural address, as his own successor in office.

The installation ceremonies took place at the Hall of Justice in the presence of the old, as well as the new members. The Mayor declaring the latter duly installed after the clerk had read the certified copies of their respective official oaths. After an interchange of complimentary speeches between the outgoing members and some of the new supervisors and the bond issue report of the public utilities committee was submitted, the Mayor's list of committees was adopted.

MAYOR READS ADDRESS.

This was followed by the reading of Mayor Taylor of his inaugural address, in which he set forth the needs of the city and the policy which he recommends the new Board to follow.

MANY RADICAL CHANGES.

The other departments of the government underwent radical changes. The only employee under the old regime retained was Treasurer John McDowell, successor of Charles A. Baker, who was the chief bookkeeper. Taylor, assuming control of the office McDowell insisted upon an actual count of the contents of every bag, positively refusing to rely upon the weighing of each bag. According to the new system of balance scale, the value counted \$2,458.25, an excess of 32 cents growing out of not making change with cent pieces. The count will be finished tonight.

CASEY RE-ELECTED.

The new board of public works, with Charles E. Dyer as the successor of Edward A. Gilpin, was re-elected. Michael Casey was its president. The reorganized board is expected to elect Marsden Mansfield, Jr., city engineer, to succeed Thomas P. Woodward, who succeeded him.

Charles Broad, the new civil service commissioner, succeeded Edward F. Moran, took his seat yesterday, and Richard Cornelius was elected and installed the president of the commission.

The board of education was reorganized by selecting Joseph O'Connor as the successor of Lawrence F. Walsh and electing Thomas Boyle as president.

PHELAN TAKES OFFICE.

Ex-Mayor James D. Phelan succeeded A. E. Sprague as president succeeded and Robert L. Dornum resumed his seat on the commission by reappointment. W. H. McLean was chosen chairman, Fred A. Head, secretary, vice Herbert Schmitz, Superintendent, John McLean was re-appointed and Miss M. V. Fairman bookkeeper.

The reorganization of the board of election commissioners was accomplished by Cameron H. King Jr. and C. L. Aperson taking the places of J. F. Jewell and Andrew J. Gough, and W. W. Vossinger was chosen president and J. L. Zemansky chief deputy in the office. He was elected registrar of voters for the next four years.

CUTLER SUCCEEDS HIMSELF.

A. D. Cutler was elected president of the board of police commissioners to succeed George C. Tracy.

The fire commission received Bernard Farnsworth, the successor of T. H. Goodman and re-elected William McCarthy to the presidency.

Dr. John B. W. Leland took charge of the coroner's office and in assuming the office of tax collector, Bush reinstated Charles Broad and John A. Lenahan, who had been recently succeeded by his predecessor.

FRATERNAL ORDER INSTALLS OFFICER

Deputy Coroner Bert H. Sargent was last night installed president of Masonic Lodge, No. 363 of the Fraternal Order of Eagles.

The installation was followed by a banquet and an enjoyable time was had by those present.

KNOWLAND'S MAGNANIMITY.

The Berkeley postoffice fight has at last been amicably settled. Charles S. Merrill is the man. President Roosevelt has been favoring Merrill's appointment, but Congressman J. R. Knowland and Senators Perkins and Flint had been behind C. E. Thomas. The President had even gone so far as to send the name of Merrill for the place, but finally withdrew it on the condition that some one other than Thomas be named. It was, therefore, up to Knowland to submit the name of a new candidate. Instead of doing so he gracefully met the President's concession by going him one better and re-naming Merrill for appointment. It was a pleasing surprise for Roosevelt. It showed up our congressman in a new light. The broadminded and generous act stampeded Knowland at once as a man who could put aside his personal prejudices and preferences when to do so would subserve the public's best interests, and at the same time meet with the hearty approval of a great majority of the residents of Berkeley.—Contra Costa Gazette.

PIECE OF CORNICE FALLS ON WORKMAN

SAN FRANCISCO, Jan. 9.—Albert Temby, a workman, employed in excavating the ruins of the old City Hall, received a badly crushed leg this morning when a gigantic piece of cornice fell upon him.

UNIONIST FAVOR HAVING RECALL

VALLEJO, Jan. 9.—The morning session of the State Federation of Labor passed resolutions demanding that the next Legislature submit to the electors an amendment to the constitution providing for the initiative and referendum, similar to that in Oregon and Oklahoma, also, providing for a direct primary law. The latter called forth hot discussion between delegates Richard Coverly and Cornelia. A resolution favoring the recall of unfaithful public servants was passed.

The proposition was submitted urging the Legislature to repeal the capital punishment law. This caused the hottest debate of the day. Walter Macneane urged that the convention leave the matter to those making a study of the question, which was not in the province of a labor convention. The proposition was defeated by a heavy majority.

CHINESE FOOTPADS TAKE JAP'S CLOTHES

SAN FRANCISCO, Jan. 9.—S. Shiba, a Japanese waiter, was set upon, beaten and stripped of both clothes and money in an early hour this morning by six Chinese footpads, who held him up at the corner of Washington and Dupont streets. He was found by a policeman and taken to the city prison, where the attaches took pity on him and managed to fit him out in clothing.

SCOTT-OSGOOD.

The marriage of Miss Ethel Scott and William Osgood took place Saturday, January 5, at the home of the bride's parents in Portland, Oregon. The ceremony was performed by the Rev. Gillman Parker.

The bride was attended by her sister, Miss Anna Scott, and Ruth Hanson acted as best man.

The bride is the eldest daughter of Alvan and Scott, a capitalist of the North. She is charming and accomplished with a love of music. The engagement was announced last June.

William Osgood is the son of F. S. Osgood, a former student at Cooper Union College in New York and a graduate of the California College of Pharmacy.

Mr. and Mrs. Osgood will make their home in Linda Vista.

FAMILY REUNION.

Mrs. Frank G. Watson presided at a dinner given last evening in commemoration of her brother, George W. Johnson of Seattle, and his sister, Mrs. Walter Reed, who has returned to Oakland after two years' residence in Boston. The guests were Mr. and Mrs. A. Bert Grunberg, Miss Eva Grunberg and Mr. and Mrs. F. G. Wright Dr. and Mrs. R. F. Woolsey, Mr. and Mrs. W. W. Goldring of Newman, Mr. and Mrs. Will Johnson, Mrs. Walter Reed, George W. Johnson, Miss Louise Hatch.

FISH-SQUALE.

The marriage of Miss Mary Fish and Mortimer P. Gove will take place Saturday evening at the home of the bride's parents, Mr. and Mrs. A. L. Fish in Eighth street.

Only a few friends and relatives are to be included in the wedding party, and the ceremony is to be with all possible simplicity, at 4 o'clock in the afternoon. Miss Fish is an Oakland High School graduate and has many friends in the cities on this side of the bay to wish her happiness. Quaville is associated with the San Francisco National Bank. A pretty home on Twenty-third street and Telegraph avenue is being prepared for the young couple.

WEDDING DATE.

The marriage of Miss Ruth Adams and Frank Geddes will take place March 4 at the home of Miss Adams' sister, Mrs. John P. Jackson at Burlingame. The engagement was announced some months ago and the bride-elect has been extensively entertained.

WEDDING ANNIVERSARY.

Mr. and Mrs. Chas. Ganser celebrated the eighth anniversary of their wedding Tuesday evening, January 5, at their home, 561 Seventh street. A musical program was rendered by Mr. and Mrs. Ludwig Art, Hickman, Saul Strader, C. Ganser and Vic. Blodhorne.

A Harvey I. Inquet was served with the following guest in present: Mr. and Mrs. Hickman, Mr. and Mrs. Richardson, Mr. and Mrs. Tedton, Mr. G. Gaberino, Miss J. Woods, Mr. B. Hardy, Miss Cora Agnew, Miss F. Gaberino, Art Hickman, S. Shuler, Mr. Marks, Mr. Livingston, J. Baker, Master E. Head and Toastmaster L. C. Lewis. All the guests were presented with a souvenir, a golden figure eight during the banquet. Congratulations were offered by all present and all responses to the toastmaster's request were full of wit and humor.

IN WASHINGTON.

Miss Amy Bowles is the guest of Secretary of the Navy Mocul and Mrs. McCall for the winter in Washington. The young visitor from California is a favorite in the army and navy set at the capital and is having a delightful time. Miss Bowles was the complimented guest at a large tea given last week on board the *Polphin*.

COTILLION CLUB.

On Thursday evening, January 16, at Ebell Hall, the Annual Cotillion Club will hold its fifth dance of the season. The affair will be a strictly "leap year" dance and the members are enthusiastic over the affair. The music for this cotillion has been noted for its excellence and on this occasion a particularly good program is assured, since there will be double the usual number of musicians.

The Annual Cotillion ranks as one of the most popular dancing clubs in the city, and as every dance this winter has been very greatly enjoyed by its members, the next it is believed will be an especially good time.

SATURDAY COTILLION.

The Saturday Night Cotillion has sent out invitations for a series of dances beginning its tenth season in February. The assemblies will be held in Ebell Hall and the dates are February 1, February 29 (leap year party), March 21 and April 15.

Miss Alice Gerry is chairman of the arrangements committee and Jesse Robinson is floor manager. The officers of the club are Edward R. Allen, president; Leon Abbe, vice-president; Leon

MRS. ROY TUFT.

Gove, secretary, and Herbert Breed, treasurer.

OFFICERS' HOP.

The officers on the Milwaukee will entertain Friday evening at a dinner party and a dance to be given on board the ship. The guests from this side of the bay are Miss Katherine Kutz, Miss Eleanor Phelps, Miss Gertrude Russell and Miss Edna Orr.

WILL ENTERTAIN.

Mrs. A. C. Hussey will entertain the choir of the First Christian Church next Friday evening at her home. The complimentary guest will be Mrs. Mabel Jones Stewart, the vocalist.

AT BYRON.

Among the arrivals at Byron Hot Springs during the past week were the following from Oakland:

Mr. and Mrs. Harry B. Adler, W. C. Howe, Dr. and Mrs. E. R. Still, L. J. White, Max Marcus, G. W. Travis.

IN THE SOUTH.

Mr. and Mrs. J. A. McNear and their son, Master Cecil McNear, are guests at Hotel Coronado for the winter season.

HUGHES CLUB.

The Hughes Club will resume rehearsals tomorrow afternoon at 2:30 o'clock after two weeks' holiday vacation. The rehearsals will be under the direction of F. Hughes at the First Unitarian Church.

WEDDING PLANS.

The marriage of Miss Robin Rucker and Mr. Elmo Jarvis will take place Wednesday evening, January 15, at the home of the bride in Berkeley. Only the members of the families will be present and Rev. Charles R. Brown will be officiating clergyman. The bride will be attended by Miss May Ashmun and the groom by Louis De Coor. Miss Rucker is the daughter of the late H. N. Rucker and Mrs. Rucker. Her father was well known on both sides of the bay and held a high office in the Masonic order. She is a tall, graceful girl, cultured and accomplished.

Dr. Jarvis is a prominent dentist here and also takes an active part in social affairs. After a short honeymoon trip Dr. Jarvis and his bride will make their home in Oakland.

WHIST CLUB.

Mrs. William H. Creed was hostess this afternoon at a luncheon given the Claremont Country Club for the members of the Thursday Whist Club. A business meeting followed the luncheon hour and the card sessions will not commence until the next meeting.

Among the members of the club are Mrs. William H. Creed, Mrs. George Whitney, Mrs. A. N. Rosborough, Mrs. Guy C. Earl, Mrs. William Baxter, Mrs. J. Hamilton Todd, Mrs. E. C. Morrison, Mrs. William Sharon, Mrs. Edgar Stone, Mrs. Melvin C. Chapman, Mrs. P. J. Kenna, Mrs. Charles Parcells, Mrs. E. N. Ewer and Mrs. J. W. Nelson.

FOR A VISITOR.

Miss Madeline Clay has sent out cards or an elaborate dinner to be given Tuesday evening, January 14, at the home of the hostess, "Level Len" in Fruitvale. The complimented guest will be Miss Helen Standard, who returned with Miss Clay from school in New York, where the girls were roommates. Covers will be sold for several close friends of Miss Clay, who will be happy to greet her after a long absence in the East.

THIMBLE BEE.

Miss Edna Frather, whose wedding with Will de Fremery will be a February event, is to be the guest of honor at a musette and thimble bee planned by Miss Alice Hoyt for the afternoon of Friday, January 17. A score of friends have been invited.

RECEPTION FOR BRIDE.

Mrs. Edwin H. Campbell was hostess recently at a delightful at home with her daughter-in-law, Mrs. Bain Campbell, nee Crowley, as the complimented guest. The home on Hobart street was decorated with white roses and foliage and Mrs. Campbell was assisted in receiving her guests by her daughters, Miss Vera Campbell and Mrs. Zell Cook. The attractive bride is a graduate of Snell Seminary and has many friends in Oakland. She is talented and accomplished and her musical gifts have made her a fa-

vorite with the musical set.

Bain Campbell returned from abroad but recently, after serving in the consular service for five years or so in Belgium and England. For the present Mr. and Mrs. Bain Campbell will make their home with Mr. Campbell's mother.

ELECT OFFICERS.

The Ladies' Relief Society has held its thirty-seventh annual meeting and officers for this year were elected. The treasurer's report shows there is a balance in the bank this year. Thirty-seven children were admitted to the home last year. The following is a list of the newly-elected officers.

President, Miss Matilda Brown; first vice-president, Mrs. Jefferson Murray; second vice-president, Miss K. C. Badford; treasurer, Miss N. E. Miner; recording secretary, Mrs. Spencer C. Browne; corresponding secretary, Miss Campbell; board of directors—Mrs. R. G. Brown, Miss N. E. Miner, Mrs. Spencer Browne, Mrs. J. C. Calkins, Miss Matilda Brown, Miss A. C. Badford, Miss Campbell, Miss R. N. Williams, Mrs. Jefferson Murray, Mrs. E. E. Williams, Miss Flossie de Fleury, Miss J. J. Weston, Mrs. T. D. Frather, Mrs. Henry Martinez, Mrs. Thomas Waddingham.

ENJOYABLE VISIT.

Miss Margaret Ogden and Miss Agnes Ordern, who are the guests of their aunt, Mrs. Samuel S. Shepherd of Los Angeles, are enjoying their visit in the southern city. Mrs. Shepherd entertained yesterday at a card party for them and recently Mrs. William H. Miller made these two girls the motif for a pretty social compunction when she entertained at a violet luncheon. Covers were laid for Miss Ogden, Miss Agnes Ogden, Mrs. Shepherd, Mrs. John W. Van Horn, Mrs. James W. Jeffries, Mrs. Carl A. Packard, Miss Robert Shanner, Miss Ehrenberg, Miss Mum Holmes, Miss Helen Griffith, Miss Elizabeth Packard and the hostess Mrs. William Bamberg entertained at a week-end house party in her home in Pine after the holidays, making Mrs. Shepherd and her nieces the complimented guests.

AMERICAN WOMEN

EXCEL THOSE

OF ANCIENT GREECE

SAYS MINISTER

(By VIOLA RODGERS.)

WASHINGTON, Jan. 9.—The initial discovery made by the first envoy Greece has sent to America in many years is that the American woman is more stunningly beautiful than even the most beautiful women of his own most ancient Greece.

This Columbus of the Pulchritudes is L. A. Coromilas, of Athens, new minister from Greece to the United States, who presented his credentials to President Roosevelt recently.

Coromilas announced that Greece has finally sent a minister to America after getting along so many years without one, because her trade with this country is increasing enormously. Especially especially so, the imports from the United States increasing, so his king thought it expedient to have a representative at Washington to facilitate further commercial relations between the two nations.

The Greek king, he told the President, is very anxious to make the friendship of Greece and America notable.

"So I have come upon a charming task," he said.

As soon as his credentials had been accepted Minister Coromilas gave himself up to the task of discussing the American woman with me. His views on this subject are extra-authoritative and very well worth having, because he is ex-president of the Greek Archaeological Society.

"I never saw greater resemblance be-

tween the women of two different races," he began, "than between those of your own country and those of our pre-Hellenic period. Our excavations in Greece have very recently restored to us this ancient type of beauty."

PRE-HELLENIC CORSETS.

"She wore corsets," in consequence, he found was the slender-waisted figure of the American woman of today. Her features, too, were much the same, but I do not hesitate to say that the American woman's are more beautiful.

Of the "Gibson type" of women Mr. Coromilas says the artist has done the American woman an injustice; that Gibson, in his conceptions of our women makes her far too gross, too coarse a type.

"You women are much more refined, than the great high-shouldered creatures that the artist depicts. I should say he has struck the characteristic note in the American man. I think his American man reaches the

MRS. LUCY SHAW, SISTER OF MRS. REQUA, IS DEAD

Prominent Pioneer Woman of West Dies After Lingering Illness in New York City.

The sad news was received this morning at Highland, the Requa home, of the

Mrs. Shaw passed away at the Hotel Netherland in New York city, where she had made her home for some years. The

passing of Mrs. Lucy Shaw is an event in California annals, for it means

news will be received with much sorrow by the many friends of the family, not only in Oakland but in Nevada and all along the California coast.

Mrs. Shaw was ill for some months, and Mary Requa went east a few weeks ago to visit his aunt, called east by her serious illness. She rallied greatly while he was there, and hopes were entertained that she might live.

Mrs. Shaw's sister, Mrs. King of San Francisco, went east last week and reached New York in time for her sister's last days, the final summons coming this morning at 2 o'clock.

WAS PIONEER WOMAN.

And wealth came from the Nevada mines to the New England women and their husbands, and it left them still un-

men of the Pacific Coast whose strength by the many friends of the family, not only in Oakland but in Nevada and all along the California coast.

WAS PIONEER WOMAN.

And wealth came from the Nevada mines to the New England women and their husbands, and it left them still un-

spoiled and willing to do what was prompted by the impulses of ever generous hearts.

GREAT DEVOTION.

The family of sisters has shown great

devotion to one another through many

years of their long lives, and the passing

of one of them in the early days of the

new year brings keen sorrow into the

lives of the others.

Mrs. Lucy Shaw was a woman of great

personal refinement. She had traveled

far and had the culture and wide horizons

which travel brings. The passing years

made her all the more generous, all the

more responsive to the appeals of the less

fortunate in life's struggle, and they

deepened a real nobility of character

which dignified life for herself and for

those about her.

RECALLS OLD DAYS.

The passing of Mrs. Shaw brings back memories of the old pioneer days of women with courage ready to stand bravely by their husbands in the privations of pioneer life. It brings back stories of the old Nevada days when men fought a big fight and wrestled the great mining

secrets of the age from the unwilling hills.

It brings memories of those old

California and Nevada friendships, grown

through all the years.

Arrangements have not yet been made

for the funeral, but the Shaw family plot

is in Sacramento, and it is possible that

the interment will take place there.

Meanwhile, many expressions of regret

and sympathy are finding their way to

Mrs. Requa and her children from friends who share truly in her sorrow.

"You're wasting your own time and mine," said the busy merchant impatiently. "I should think you'd see that."

"Why so?" demanded the insurance man.

"I told you some time ago that I was insured to the limit."

ATTORNEYS STILL TRYING TO FILL JURY BOX

Defense Expects to Show That Stanford White's Slayer Is Paranoiac.

NEW YORK Jan 9 — Just before

the beginning of the session of the trial of Harry K Thaw today attorneys Daniel O'Reilly announced that a subpoena for the defense had been served on Miss Edna Goodrich the actress who is playing here this week.

Miss Goodrich failed to appear in response to a subpoena last year Mrs Evelyn Nesbit Thaw on the stand at the first trial declared that it was Miss Goodrich who first introduced her to Stanford White and took her to luncheon with him.

A new venire of talemen reported this morning and is sworn and three provisional jurors in the box the attorneys for the prosecution and defense set about filling the vacancies and preparing for another exercise of peremptory challenges.

Young Mrs Thaw had to make her way through a crowd of several hundred persons gathered outside the criminal courts building when she came down town for the morning session.

It has been rumored for some time that the defense will claim that Thaw had suffered from paranoid delusions but had recovered since he has been in jail although alienists hold that only a very small proportion of paranoiacs ever recover.

Several policemen had to be called to clear a passage through the throng. The sixth taleman reached today passed a successful examination for temporary juror. He was Frank Manning an insurance man.

Harry C Adams secretary of a car pet company quickly passed muster for the prosecution. When questioned by Mr Littleton for the defense he said he had known Stanford White for many years in a business man. Neither at the time of the tragedy nor since he declared however had he entertained any feeling or prejudice in the case failing to dislodge Adams for cause. Mr Littleton used his twelfth preemption challenge against him and he was excused.

The next venireman was accepted by both sides after a brief examination. He was Charles Thurston a bookkeeper Mr Thurston's selection left but one vacant chair in the box.

It fell to the lot of John DeHart an architect temporarily to fill it. DeHart said he had known Stanford White and that while serving on the jury would probably embarrass him in his profession it would not embarrass him personally.

The court opened this morning there were three men in the box in addition to the six swan jurors who had been passed for cause but they are still subject to peremptory challenges.

THAW A PARANOIA

That insanity at the time of the killing will be the only defense offered for Thaw was made plain yesterday when it was learned that Mr Littleton had subpoenaed seven of the alienists who testified for the prosecution at the former trial.

It is said that all of these alienists believed Thaw was a sufferer from partial or a variety of insanity which would be incurable when he killed Stanford White which they testified for the Inquest Commission summoned during the progress of the first trial. It is believed that Mr Littleton will call upon them to testify thereto forcing Mr Jerome to demand a commission in lunacy for the examination of Thaw. The defense is said to believe that Thaw is unable to withstand any examination which he may undergo.

The letters are said to contain the details of a bizarre love story—the love of a wealthy man who long had passed his allotted three score years and ten for his grand niece who then was but twenty four years old.

ATHLETE COMMITS SUICIDE BY JUMP FROM LOFTY DOME

Captain of Varsity Football Team Leaves Strange Note Before Killing Himself.

ANONYMOUS KILLED Jan 9 — The captain of last year's football team and an all-around star athlete at Kansas University committed suicide here today by jumping from the dome of Fraser Hall at the university.

Angeley left the following note on the window sill from which he jumped:

"Dear wife, My life is passed. My pleasure is gone. No pleasure for me.

Angely's mind is bad. I have been affected from work."

Angely's reason for doing it was called for what I owe. If I had done it I could tell more responsible people. You do not know him. I am not in love with him. I was very ill. It was to have graduated in life.

Board of Trade, speaking of it, said:

"We, in Elmhurst, want a county and city government. We are for it first, last and all the time, and will vote for it. Give us no hot-air about consolidation, but proceed along business lines, and we are with you. We don't care how we get in, but let us have it, and let's have boundary lines where they will do the greatest good to the greatest number."

SPEAK FOR FRUITVALE.

E. H. Marwedel, a Fruitvale delegate, also affirmed that residents in his district approved of consolidation and expressed his belief that it was only a matter of time and must come sooner or later any way. He thought that the most important point now is to let the people see that it is a paying proposition.

Walt R. Leidecker, publisher of the Fruitvale Progress, stated that he believed Berkeley and Alameda would eventually come in line, if the borough system would be adopted.

The good work that is being done by the Chamber of Commerce was the subject of the talk by Professor Gibson.

After a few remarks from various members, the meeting adjourned to the call of the chair.

WOULD HAVE COMMITTEE TO PROMOTE BAY CITIES

Declares Oakland Does Not Favor Greater San Francisco Project but Is for Boosting Board.

At the meeting of Greater San Francisco committee, held at California Promotion committee rooms, Union Square, Tuesday, January 7, Naph. B. Greensfelder of Oakland Harbor League, said in part:

"The sentiment in Oakland is at present decidedly against any consolidation with San Francisco, that involves a sacrifice of Oakland's aspirations to her own commercial and financial growth and her own harbor development and her own autonomy."

"Since the fire, Oakland has emerged from its provincial stage and desires to be considered as San Francisco's sister city and not in the category of the smaller towns."

"Oakland is trying to get rid of the city government's habit of over-taxation by consolidating the greater city and county of Oakland, which will undoubtedly be accomplished by absorbing the smaller towns East of Oakland. Oakland feels as if the Greater San Francisco project was being promoted to counteract the Greater Oakland movement, especially in regard to Berkeley and Alameda."

It is easy to understand that the sentiment of the committee would be in favor of Greater San Francisco consolidation, so that their votes could have weight where their business interests lie, but the majority of Oakland voters will not for some time vote for any consolidation with San Francisco, that implies the surrender of Oakland's financial and political prestige and identity."

ARE STRONG AGAINST.

"Therefore, while conceding the strength of the arguments brought forward, the prejudice, conditions and sentiment are at present too strong

to be overcome, and the project will not succeed at this time, but if San Francisco will continue to aid Oakland in her harbor development as has been done in the past when the San Francisco Chamber of Commerce seconded Oakland Chamber of Commerce with resolutions to Congress on behalf of the harbor improvement and sided in securing for Oakland the \$7,000,000 appropriation for dredging the estuary and with similar helpful action on behalf of Oakland's western water front, there will be created a friendlier sentiment toward consolidation among many lines of mutual benefit to both cities."

"For the present the arguments of business and lower taxation are not strong enough to counterbalance Oakland's well founded aspiration to her own commercial supremacy and own harbor development, and as there are many points of unity with all the bay cities that can be developed at once."

"For the new telephone system, I would offer the following resolution to be referred to the executive committee:

PASS RESOLUTION.

"Resolved: That there be organized by the Greater San Francisco Committee, the San Francisco Bay Cities Committee. And be it further

"Resolved: That the cities within a radius of fifteen miles be invited to send a committee of eight delegates each, and

"Resolved: That eight committees be created as follows: 1—Health; 2—Water; 3—Beautification; 4—Cost of Living; 5—Press and Publicity; 6—Transportation; 7—Home Industries and Manufactures; 8—Financial and Advisory."

"Resolved: That one delegate from each city be appointed on each of these committees:

"Resolved: That the officers, executive committee and delegates to the Greater San Francisco committee act in the same capacity on the San Francisco Bay Cities committee, and by harmonious and consolidated action on these eight essentials promote the welfare of the San Francisco bay cities."

Upon motion of T. V. O'Brien of Hayward, seconded by Hugh Craig of Piedmont, a vote of thanks was passed and the above resolutions referred to the executive committee.

are paroled in the care of missionaries who lead them to the City Hall and assist them in securing licenses. In such a case, however, the responsibility for their return is with the missionary and it is probable that it is only in exceptional cases that they will be willing to assume the risk. FIRE UNDERWRITERS HOLD ELECTION

The Oakland Board of Fire Underwriters held their semi-annual election of officers last night, as follows: J. Hallay, president; F. E. Porter, vice-president; L. W. Loebliester, secretary; and C. Fred Burke, treasurer; A. J. Snyder, Leo Well, T. P. Enright, Jr., Herbert Bryant and J. Tyrrell, executive committee.

It was decided to hold monthly meetings on the second Wednesday of each month and quarterly luncheons.

It was further decided to give a big banquet on October 15th, next, that date being the first anniversary of the founding of the organization. The committee on entertainments are Joseph H. Norris, Charles Harris and A. H. Connolly.

FORUM PREPARES AN EXTENSIVE PROGRAM

The Fruitvale Forum will hold its regular fortnightly meeting tomorrow evening, January 10, in the Armory, corner of Fruitvale avenue and East Sixteenth street. The program will include a solo by Mr. Harry L. Ferry, bass soloist of the First Congregational Church, and Mr. Roy D. Thompson, tenor soloist of the First Presbyterian Church, San Jose. The city clerk finds it impossible to accede to Commissioner Watchorn's request that a license bureau be opened on the island and the officials are in a quandary.

One-Half
that Charged by Others.

In speaking of price, it is not the first cost but the permanent cost. If you send your things to a cleaner, whose original price is equivalent to ours and they stay cleaned and pressed about a week, whereas our work will cause them to remain that way for many weeks, are the prices not even better than half? REPORT ON COTTON GROWTH IS MADE

ATLANTA, Jan. 9.—Alexander Forrester of Cleveland, Ohio, who suffered severe injuries in the Hiram, Ga., wreck but the number of bales of cotton ginned for the growth of 1907 to January 1, 1908, was 9,055,427 as compared with 11,741,099 last year and 9,725,426 for 1906. This counts round bales as half bales.

FATHER M'NALLY, HOME FROM EUROPE, TELLS OF HIS TOUR

DISCUSSES AFFAIRS AS THEY EXIST IN IRELAND

Visited Pope in Rome and Also Journeyed Through France in Travels.

"I left Ireland with two prayers on my tongue. One was that God would speed me safely back to Oakland, and the other was 'God Save Ireland.' These were the words with which Rev. J. B. McNally, pastor of St. Patrick's Church in West Oakland, who had just returned from a journey abroad covering a period of months, closed an interesting interview with a reporter for THIS TRIBUNE. He has satisfied that both prayers have been granted to the person that is active in Ireland, and he is equally confident that Ireland is in the enjoyment of the most propitious condition she has experienced for years.

TOUR OF EAST. After leaving the city, Father McNally went to Paris, France, on January 15, and to Lyons and St. Paul, where he attended a number of prominent schools connected with universities, and where he also delivered lectures. He sailed from Paris on January 21, and reached Queenstown, Ireland, January 23. He visited nearly all the larger countries of Europe, was especially interested in Ireland, and, in place of his legal, French and Roman law in Ireland, he felt that he could see the advantage of the movement for the independence of Ireland, of the recognition of Ireland as a separate entity in the United Kingdom. In France, he witnessed that there was a great revival of interest in Ireland, and the hostility of the French toward England, and that the English and the Irish should be plunged into another war at the drop of the hat.

TWELVE DAYS IN IRELAND.

The tour of Ireland was made in twelve days, and during that time Father McNally had as traveling friend, Edward McGuire, and Dr. Baldwin, both of Oakland.

TO EXTEND WELCOME.

This evening there will be a welcome to extend to Father McNally at the time of its convocation in the cathedral church of St. Patrick's, Oakland. There will be an interesting program of literary and musical numbers tendered, and there will be presented to the pastor an altar set comprising a chalice, paten, ciborium, and a newly bound missal. All of which will be used in the celebration of Mass.

ABOUT HOME RULE. The Claddagh, in Galway, graphically described by an old inhabitant, well-versed in history and tradition of the City of the Tribes, left us much to think about in regard to the sufferings and persecutions of the people under an alien government and the dire necessity for a government of their own.

"The government as advancing this as quickly as possible and they surely know that when the people own the land, they cannot have aliens to make the laws for them, and to rule over the produce of this their own land."

"To my mind this is the solution of home rule for Ireland, in a way, not unique in any country, but just of the intricacies of these bones in the future of Ireland's prosperity, which will insure to them that swathe of peace, prosperity and pleasure which will bring up and make them willing to stay at home and await the dawn of Ireland's prosperous days."

STOP EMIGRATION. At present there is a digression that is, my impression of the condition of Ireland in relation to the population. Ireland cannot dispense the fact that a vast number of her people have left her shores and that the climate is entirely too moist.

It is raining, rain, rain, so much so that

sunshine—a square, honest display of sun-shine—is haled with delight and pleasure by the people. The effect of this almost incessant rain is to make the property owners ever on the watch to catch every gleam so that they may be able to save the hay and grain. But, alas, too often this cannot be done. This indeed is a pity and calls for words of well-meant sympathy for the suffering people.

USED AUTOMOBILE.

After leaving Dublin, I visited my old college, which I entered as an ecclesiastical student, in 1871 and left as a priest in 1876. This was Catholic College. It is the college where the late Cardinal Cullen, Archbishop of Dublin, Bishop Lewis of Derry, Bishop Dunn of Australia, Cardinal Moran, Bishop Foley, Dr. Doyle, Dr. Cahill, and others of note, in literature, in literature, in oratory, and true Christian purity have adorned the world.

There, I lectured to the students, the subject selected for me by the president, and the can be—Gritty and Tenacious.

From there I went to Kilkenny College and lectured to the students and professors on the same subject.

I was called back to Bagnalstown to teach a series of sermons in the parish church of St. Peter's, and the name of the author of a volume of a book in an adjoining church called Ballynabraham, at which the illustrious and worthy successor of the great Dr. Doyle, the present Bishop of Limerick, Dr. Morrissey, the present Bishop of Cork.

TALKS ON TEETH

BY THE REX DENTAL CO.

The Blessing Of Good Teeth

Those who have good teeth are not always sensible of how wonderfully they are blessed. The same is true of those who enjoy perfect health. The saying is that one must be sick to know the blessing of being entirely well and free from pain. Poor teeth or missing teeth are the cause of more sickness than any other one factor.

If the food is not properly masticated it will certainly not be properly assimilated when it gets down into the stomach. The stomach will do double duty for a while, but only for a while; it soon rebels and then comes trouble.

Mrs. Abram S. Fox of 320 W. Olive street, Redland, had suffered all manner of inconveniences and mortification because she had no teeth worthy of the name. Like a good many others who thought there was nothing ahead of her but a set of plates, until she happened to read one of our advertisements. Impelled by curiosity, she came into our office and had our examining dentist make a complete diagnosis of her case. She concluded to try the Alveolar Method, which is practised exclusively by us, after we had assured her that we could restore all of her missing teeth and tighten her loose teeth by the Alveolar Method.

If you will read her letter carefully you will be impressed with what she says. This is the strongest kind of an advertisement. There is nothing stronger than the testimony of a woman who "has been there."

During the past four years we have treated nearly 6000 cases and we venture to say that we could get letters of this character from nearly every single case, if it were not for the fact that so many people object to having their names used in a testimonial. We can refer, however, to thousands of people who would give us just as strong a testimonial as Mrs. Fox has. Will you kindly read her letter?

Redlands, Calif., Dec. 3, 1907.

Dear Sirs:—I am writing to you at your office to investigate your Alveolar Method of Dentistry, and after talking with you I decided to have you put your method, for my teeth were in bad shape. I only had two upper teeth in mouth and those could not be bridged over, and did not wish to wear a plate. You put in a full upper set of the Alveolar work in the upper part of my mouth and two large pieces of the Alveolar in the lower. From the first day I was much relieved and then I was so pleased that I had been able to do in a long time. Words fail to express the enjoyment and satisfaction derived from your Alveolar teeth and it was such pleasure that I give you my hearty endorsement. I am sure that I will always be pleased to advise any one who may inquire of me the great benefits and comfort you have been able to give me. Yours very truly,

MRS. ABRAM S. FOX,

320 W. Olive Ave.

The Rex Alveolar Method of supplying missing teeth does not call for any surgical operation, neither is there any boring or cutting into the gums in connection with it. It is practically painless and, while it is not possible to say just how long it would take us to complete any certain piece of work, without making a thorough examination, yet the most difficult cases do not often require more than from two to four days to complete.

When completed the patient may begin using these teeth at once and continue to use them with as much comfort and satisfaction as though he had never lost any of nature's teeth. These new teeth look natural and feel natural.

They are firmly placed in the mouth and secured so that no food can get under them and they may be cleaned and kept clean exactly as one would who had never lost any teeth.

Work of this character requires the very highest class dentists that are obtainable and you will be in the care of such operators when you visit us. Do not confuse us, we beg of you, with the average "dental parlor" dentists simply because we advertise this remarkable work.

We have risen to a point where at the present time we do the largest dental business in the world, and we are in every way responsible. Our work is fully guaranteed.

We invite those whose teeth are missing and who have two or more teeth left in either jaw to come to one of our offices and have an examination made of their mouth. This service costs nothing and carries with it no obligations to have any work done.

If it is not possible to come to our offices at the present time, send for our book, "Rex Alveolar Dentistry," which explains the method in detail. A very valuable treatise on the teeth. We send it free of any charge.

Headache?

If it does, you should try Dr. Miles' Anti-Pain Pills. Why not do so. They will relieve the pain in just a few minutes. Ask your druggist. There are 45,000 druggists in the U. S. Ask any of them. A package of 25 doses costs 25 cents. One tablet usually stops a headache. They relieve pain without leaving any disagreeable after-effects—isn't that what you want?

"My son Frank Snyder has used Dr. Miles' Anti-Pain Pills for a long time. He never had anything to help him so much for headache. A year ago he came home, and I was down sick with such a dreadful nervous headache. He gave me one of the Anti-Pain Pills, and after while I took another and was entirely relieved. I always keep them in the house now, and gave many away to others suffering with headaches."

MRS. LOUISE LEWELLYN,
Powell, South Dakota.
Your druggist sells Dr. Miles' Anti-Pain Pills, and we authorize him to return the price of first package (only) if it fails to benefit you.

WINE SUPPERS AND COCKTAILS TOLD OF IN TALBOT DIVORCE

'Knockout' Drinks Hinted at by Attorney

SAN FRANCISCO, Jan. 9.—Judge, there is such a thing as a knockout cocktail." The attorney for Mrs. Talbot then went on to explain the merit of the various drinks classed under the name of cocktail, and only abandoned the subject when the court ruled that it was necessary for the witness to testify to the ingredients of which the drink was made.

Attorney Shortridge was anxious to discover just what had taken place during a dinner in May, 1904, at Delmonico's, when the F. C. Talbots and the William H. Talbots dined together.

"Did you drink wine on the occasion of this dinner?" the witness was asked by Attorney Shortridge.

"We did," was the reply.

"How many bottles of champagne did your brother, W. H. Talbot, drink on this occasion? As many as four?"

"No," Mr. Shortridge, he didn't even drink a bottle."

"Oh! but I was speaking of quart bottles," retorted the attorney.

"My brother drunk very little," was the reply.

"But how about cocktails?" "Each of us drank one cocktail."

"No more?" "No."

"Of what sort was this cocktail?" "Now, your honor, I protest," put in Attorney Pittsburg, representing Talbot.

"Ah! but I want to find out," said Shortridge. "Your honor knows that

PRISONER APPEALS IN VAIN TO RICH RELATIVES

Nephew of Late Otto Young, Millionaire, in Jail for Forgery.

SAN FRANCISCO, Jan. 9.—Ralph Borgella, under arrest for forgery, has told the police that he is a nephew of the late Otto Young, multi-millionaire merchant prince and capitalist of Chicago and the son of Raoul Borgella, member of a noble and ancient Italian family. His mother, who he says, was a sister of Otto Young, married twice times, Borgella being her second husband and his father.

Raoul Borgella, his father, he says, was exiled from Paris. With him was Mrs. Borgella, with her infant child, Raoul, the "Ralph" Borgella of the police court.

Borgella died in London, the widow returning to America, where she met Henri L. Verleye, whom Borgella says was consul from France to New York and they were married in 1888.

APPEALS FOR AID.

In support of his claims that he is related to the rich Young family of Chicago, Borgella showed receipts for registered letters he sent to Mrs. Otto Young and Mrs. S. K. Martin of Chicago and Mrs. E. W. Tonnes of Houston, Texas. These letters were appeals for aid, but they have brought no response.

In support of his claim that he is a son of Mrs. H. L. Verleye, Borgella exhibits telegrams and letters he has received from Mrs. Verleye at the city prison.

Borgella admitted to the officers who had questioned him that he had been a criminal the greater part of his life and had been in prison before on charges of forgery.

MEETS GIRL IN PRISON.

When in jail at El Paso, for forgery, he was visited, he says, by a beautiful and cultured girl, Maybelle Kelly, daughter of Colonel Kelly of the Cotton Belt Railroad. He was released and they were married, he says.

To them was born a little girl, and they were living at a mine in Mexico, he says, when his half brother, Claude, found him out, and secured his discharge by showing his prison record.

FALLS BACK ON OLD TRICK OF FORGING NAMES OF HIS WORTHY RELATIVES TO CHECKS.

Several months ago he came to San Francisco, his wife returning to her people. She commenced divorce proceedings against him in Tyler, Texas.

Again in San Francisco the trick of forging worthless paper tripped him.

When a half dozen checks for various sums from \$10 to \$70 had been protested, the police were put on his trail and he was caught. He has been held to answer before the Superior Court. Gertrude Swain, a trained nurse, has visited him at the jail, and made an endeavor to secure bail for him.

SAYS STORY IS TRUE.

CHICAGO, Jan. 9.—Oliver Seymour, president of the firm of Otto Young & Co., said today:

"Borgella is a nephew of the late Otto Young, and the story is said to have told him nothing."

Seymour said that Borgella had frequently made similar appeals to his relatives in the past.

EVER UNKNOWN.

NEW YORK, Jan. 9.—The records of the French Consulate in New York show that Henri L. Verleye was never consul in this city or any other city in the government's consular service. In this country there was a Gaston Verleye who was a clerk in the consulate here during 1900 and 1904.

The name of Mrs. Henri Verleye does not appear in any of the New York City directories.

How a Bulk Equal to 20 Years' Work in Egypt is Handled at Panama

NAPOLEON, standing five feet and a few inches, in the shadow of the Pyramids, acknowledged the vanity of human greatness.

If, instead of perishing in the living tomb to which England's terror condemned him, Napoleon had survived only a few years longer than the last veterans of his disastrous Waterloo, he might have beheld the awe-inspiring Pyramids dwarfed into insignificance — from the standpoint of building achievement — by the labors of the newest nation among the great peoples of the earth, even as the Pyramids were the enduring expression of the genius of the oldest people among the ancient nations.

Napoleon paused in awe under the shadow of the Pyramids because those giant structures of stone represented the marvelous building achievements of a wonderful

age upon which history and tradition had cast romantic lights and shadows. He had no foresight of what was to be accomplished within less than a century of his death.

Every fifty working days the toilers who are bringing the Panama canal into being are moving an amount of material equal to the Great Pyramid of Cheops, which consumed the labor of 100,000 men for twenty

This change appears to have been coincident with the appointment of Colonel Goethals to the direction of the work. He has made the dirt fly, and that was what the people wished to see! Now, it seems, they are not bothering especially about the progress of work on the great waterway; they know it is being pushed with all the speed that engineering skill and the most modern machinery can guarantee. Not the least gratifying report that has come from Panama—the most recent—is that a bulk equal to the great Pyramid of Cheops is being removed every fifty working days.

It is really a marvelous work, that being done at Panama, when one pauses to grasp more than a mere outline. To those millions of tons which are being flung far from the places where nature put them, thousands of the most astute intellects have contributed the means.

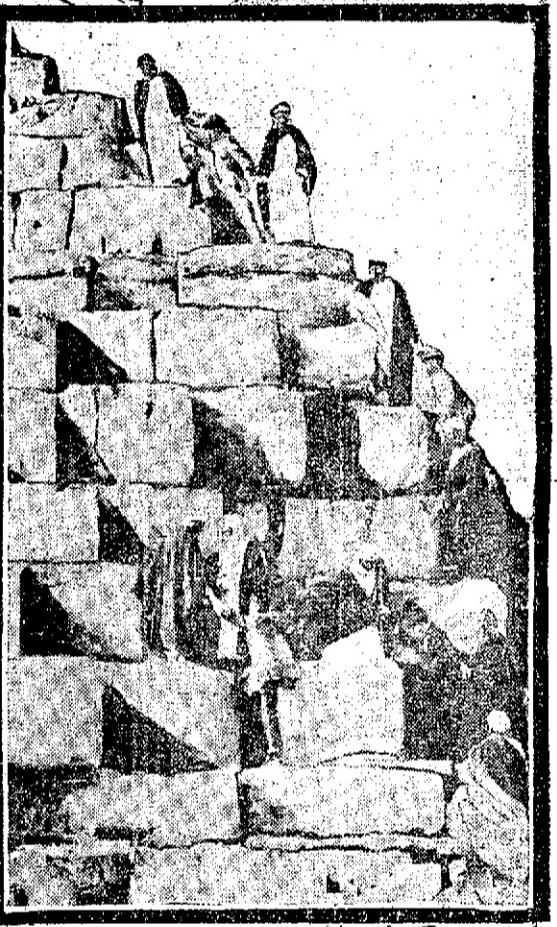

Even Frenchmen, who failed so lamentably where we are assured of such signal success, contributed their quota to the knowledge

latest and finest flower of mechanical genius, who imbue Jamaican indolence with energy and Spanish brawn with brains, are themselves nothing more than the living summaries of the science which went before them, plus the grains they bring to the common lye in their day and generation—grains that loom so large in living eyes and yet serve only to raise the general aspect in the long perspective of time.

The tools they use—herculean engines for an Augean labor—are stamped ineffaceably with the sign manual of a James Watt, a Benjamin Franklin, a Morse, a Baldwin, a Bell—of the whole distinguished train of scientists, students, inventors and improvers, whose triumphs were indispensable to the triumphs of the men who use them.

Even Frenchmen, who failed so lamentably where we are assured of such signal success,

blocks under forty solid feet of earth—and archeologists would have had to dig for the Bibles and the sets of Shakespeare in the parlors harder than they digged for the Temple Library at Nippur, more blindly for the kettles in the kitchens than they quested for amphorae in vanished Herculaneum.

Napoleon in awe of the Pyramids! The man who had already reduced the Pyramids to mud heaps, if he could have foreseen the results of their labor-saving devices when their principles should be applied to the tasks of the future, were born and buried before he scratched his first mosquito bite in Egypt. These mountains of earth, flung aside so contemptuously during

which now makes facile all that they, in their immature decade of science, proved so hopelessly impossible.

It is, then, not the American people alone, but the whole human race that is thinking and toiling there on the isthmus, concentrated in its latest machinery, its powerful locomotives, its insatiate steam shovels.

Yet, for all that, the stupendous figures of the accomplishment do not dwindle in the astounded gaze. In one month—November of the year just past—the excavation from the line of the canal aggregated 1,888,486 cubic yards.

Spread in any city of the Union, the earth which was made to fly from the canal, during a single month, would have buried ten solid

a lone month of American digging, are nature's tribute to man's intelligence.

Computations made of the labor-saving value of machines, of which Americans are most prodigal when need comes, during one month of the dry season at Panama, afford a hint of what it means to this country to use steam shovels, each one of which could dig out 18,600 cubic yards a month.

Including the men employed in moving up the shovel and clearing the track, the engineer and the trainmen, the service of only 298 workmen and laborers is required for the 70-ton and 95-ton steam shovels. In the one dry month just spoken of, 815,270 cubic yards of earth were handled; it would have taken 5495 laborers.
